

Senior Frontend Developer (m/f/d)

parlamind is developing the future of intelligent communication. With the use of artificial intelligence we help companies successfully process the whole spectrum of communication and operations. For this purpose, our international team of software specialists and linguists is creating a business-communication solution based on machine learning and natural language processing. We are part of a group of German technology companies driven by innovation.

As part of our Frontend Team you develop modern and innovative software, which is the basis for all our products. At parlamind we conduct research into the automation of dialogues in voice, email and chat communication. You will support us in transferring the results from our research into applicable software. Our entire technology stack is based on the current state-of-the-art for virtualized and scalable software architectures. We bring together the latest technologies in short development cycles directly to our customers.

Your Tasks

- Independently devise, develop, and test new features for our web applications (AngularJS, ReactJS)
- Analyse and improve existing components in our technology stack
- Play an active part in the design and implementation of our software solutions
- Stay up-to-date with the current trends in the area of modern front-end development

Your Profile

- You have a degree in computer science, a related area, or equivalent practical experience
- You are an expert in frontend Javascript, AngularJS, ReactJS, and HTML
- You have experience working in Scrum teams
- You are motivated and reliable, with an eye for detail and the desire to play an active part in our product design
- You are an enthusiastic team worker
- You speak fluent English

Your Benefits

- A varied, exciting job with a high level of self-responsibility
- You can actively co-design our innovative technologies
- Be a part of a motivated, international team with flat hierarchy and communication at eye level
- You will find a lot of space for creativity and realisation of your own ideas and projects as well as an amazing work place in Berlin Kreuzberg

Further Information

- Location Berlin
- Start at the earliest possible date
