

Senior Software Engineer (m/f/d)

About us

parlamind (Berlin) is developing the future of intelligent communication. With the use of artificial intelligence, we help companies successfully process the whole spectrum of communication and operations. For this purpose, our international team of software specialists and linguists is developing a business-communication solution based on machine learning and natural language processing. We are part of the 4Technology Group a group of German tech companies driven by innovation.

What you will do

- As part of a cross functional team, you work on our technology stack for chat- and voicebots, as well as e-mail and ticket automation
- You conceptualise, develop, and test new components in our software systems independently
- You actively participate in the process of designing and implementing our solutions
- You always stay up to date about current trends in the area of modern software development

Skills & Experience

- You have a degree in Computer Science, another related area, or equal practical experience
- You have at least 5 years' experience as a Software Engineer
- You are a java expert and are familiar with modern java frameworks, as well as web applications
- Ideally you have experience with DevOps (docker, ansible, jenkins, etc.) and architecture of micro services
- Experience with reactive programming are of advantage
- You are fluent in English

Who you are

- You are motivated, reliable, and detail-oriented
- You participate in team work with proactive ideas and suggestions
- Ideally, you are interested in chat- and voicebots, Natural Language Processing, and Machine Learning

What we offer you

- We are a company with flat hierarchies and eye-level communication, where you find a space to bring your ideas to the table
- We offer a diverse and appealing job, enabling you to make a difference without bureaucratic obstacles
- We offer continuous personal development - tailored to your needs!
- Flexible work hours to ensure a good work-life-balance
- Softdrinks, coffee, tea, and fresh fruit and vegetables are available at the office for you
- We contribute to costs for child care on a monthly basis
- You receive a laptop and smart phone (also for personal use)
- You can acquire a JobRad® (fiscal incentive) which you can take to work during the week and on adventures on the weekends and holidays!
- We offer reduced rates for Urban Sports Club memberships
- Regular events and feelgood management

Further Information

- Location flexible (team is located in Berlin)
- Start as soon as possible
